

PICTURE THIS ...

You are in your office. Your client is at home in Connecticut, Atlanta, or maybe even China. Your supervisor is on the job, cell phone in one hand, RENOVIEW® JobCam in the other. You, your client and your supervisor conference in real time. Everyone sees the same thing. You review the options, answer questions and document progress. Your client can see everything and is totally confident in your work, with never a need to come to the Cape.

That's the power of the RENOVIEW® JobCam System. *And it costs you nothing!!*

You: Working In Your Office.

Your Crew: On The Job.

Your Client: Half A World Away.

Package & Content © 2005 RENOVIEW® JobCam Systems, All Rights Reserved. RENOVIEW® JobCam System and The Ultimate Power Tool™ are registered trademarks of RENOVIEW® JobCam Systems, Brewster, MA USA.

WE'RE GLAD YOU ASKED ...

FREQUENTLY ASKED QUESTIONS

HOW MUCH DO JOBCAMS COST?

RENOVIEW® JobCams are a powerful tool, yet cost *nothing* for you to use when your client, the home owner, subscribes to our service.

We lease JobCams for the duration of your job. We provide everything – 100% support, 24/7. Systems are also available for purchase.

Standard packages and prices are on our website and in our brochures. We frequently run specials, so please recommend that your client visit www.renoview.com for current offers.

WILL MY CREWS THINK I'M SPYING ON THEM?

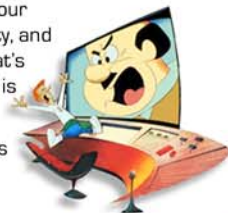

When you think of cameras, surveillance comes to mind. Your client may want to prevent theft or damage to their property, and of course, it is important to keep an eye on your crews – that's why you have supervisors. But the real value of our system is *communication* and *consultation*.

JobCams are an amazing *quantum leap* in communications technology. No more delayed responses, *especially if a payment is on the line*.

Picture yourself in your office, and your client at home, off-Cape. Your supervisor is on the job, cell phone in one hand, JobCam in the other. You and your client see the same thing as you confer in real time.

When a question arises, tell your supervisor to point the camera at the problem. JobCams let you and your client examine the alternatives and make a decision, *live*, saving time, money and aggravation.

That's the real power of the RENOVIEW® JobCam System!

IS THIS PROVEN, RELIABLE TECHNOLOGY?

Since it was invented in 1996, thousands of construction companies all over the world have saved millions of dollars using our proven, reliable technology. Based on their experience, you and your clients will save time, money and aggravation far in excess of our low, monthly fee.

We may not have those flying cars or jet packs, but with the RENOVIEW® JobCam System you can be in your office or on the beach, virtually anywhere, and your client can be off-Cape, in Connecticut or in China. Either of you can bring in a consultant from Europe, Africa or Australia. Your client never has to come to the Cape to resolve a problem. The future is here.

THE RENOVIEV[®] JobCam SYSTEM

THE ULTIMATE POWER TOOL FOR HOME RENOVATIONS[™]

Supervise Your Jobs On-Line.

Use RENOVIEV[®] JobCams, our proven, powerful observation and supervision system, and you have an extra set of eyes to track your project, crews and subs, live and on-line.

The heart of this amazing tool is our sophisticated, state of the art network camera, used around the world for years in thousands of construction and security applications. You've heard about this incredible breakthrough technology on the radio and in trade magazines.

It's very simple and easy to use!! A trained RENOVIEV[®] specialist sets up your system to your specifications. JobCams stream live video to your desktop, laptop, PDA or cell phone. You can view the job anywhere you have internet access!

Confer With Your Clients In Real Time.

Imagine sitting in your office, your client at home in Connecticut, Atlanta, or even China. Your supervisor is on the job, cell phone in one hand, JobCam in the other. You all confer in real time, seeing everything. When a question arises, streaming JobCam video enables you and your client to closely examine the alternatives and make a decision, live.

That's the power of the RENOVIEV[®] JobCam System!

Our System is an amazing quantum leap in communications technology. No more delayed responses, especially if a payment is on the line.

Neither you or your client need to take time from your hectic schedule to visit the job to resolve some little problem. Your client sees their project progress and has total confidence in your work. Critical decisions are made instantly, saving time, money and aggravation.

This Powerful System Costs You NOTHING!

Our powerful system is valuable to both you and your client, but is absolutely FREE to you when your client subscribes to our service for a low, monthly fee.

Simply recommend our system to your client – they'll be happy you did. You get a versatile power tool that costs you absolutely nothing.
